# MORALES FURNITURE

We care about providing durable designer furniture.

My name is Alvaro Morales Jr. and I want to introduce my family-owned business started by my late father Alvaro Morales Ventura. Our company business name is Morales Old Furniture based out of Puebla, Puebla in Mexico.

My father started the business in 1997, 25 years ago, with the intentions of expanding it.

BARTOLO MORALES SALDIVAR

ALVARO MORALES VENTURA

As of today, we currently run the following three factories:

- Production** › where our furniture is made and assembled.
- Finish** › where the furniture is given its final finish.
- Packaging** › where each furniture piece is carefully hand packaged with cardboard and shrink wrapped.

## WHAT WE DO

We have expanded our shipping and are currently looking for new potential clients that appreciate quality handmade furniture that will last years and maintain its elegance in the home. I am submitting the most requested pieces of furniture for you to see.

Our photos will have the standard measurements after the name to get an idea of the size of each piece of furniture. We work with the following types of reclaimed woods: Cedar, Parota, Huanacaxtle (light type of Parota wood), Barnwood and Pine.

The treatment process of this wood is air dried, which is the preference of furniture making, by our expert staff. We have expanded our shipping and are currently looking for new potential clients that appreciate quality handmade furniture that will last years and maintain its elegance in the home. We are submitting the most requested pieces of furniture for you to see. Our photos will have the standard measurements after the name to get an idea of the size of each piece of furniture. We do take special orders, if needed, to change the size or color of the furniture to accommodate your client's needs.
